Black Surgical Face Masks, 50-pack

Black non-woven polypropylene, Type IIR

- >99% particle filtration.
- Splash-resistant against blood and bodily fluids.
- Made of non-woven polypropylene for good breathability.
- Made of 3 layers for excellent filtration and protection:
  - the middle layer filters airborne particles.
- the inner layer relieves the accumulation of moisture.
- $\,$  the outer layer prevents inhalation of smallest droplets and provides resistance against splashes.
- Soft, elastic band for ears.
- Adjustable nose clip for better fitting.
- 100% latex-free.
- In accordance with the EU standard for medical face masks EN 14683:2019+AC:2019.

Also available in blue colour (art. 210.0022E).
